- 25X1 5. [] Made a courtesy call to Jimmy Dear, District Assistant to Congressman Prentiss Walker (R., Miss.). In
25X1 the course of the general conversation, Mr. Dear asked about the [] letter. I suggested that the content was sufficiently implausible that it would be apparent to him that there could be nothing to the story and offered to send him a letter on the subject if he desired. Mr. Dear agreed that there could be nothing to it and indicated he didn't care if there were. No further follow up is necessary. I suggested to Mr. Dear that if the Congressman would like to see the Agency, he could get in touch with me and I would make the necessary arrangements.
- 25X1 6. [] Mrs. Dorsey, in the office of Congressman Donald Rumsfeld (R., Ill.), called to indicate that they had a request from a constituent for the Industrial Security Manual for Safeguarding Classified Information, and wanted to know if we could supply her with one. After indicating to Mrs. Dorsey that this was in all probability a DOD publication, I said I would be glad to check it out to give her the precise information. Later, I called her to indicate that this publication was under the control of the Defense Supply Agency, and I gave her the number there to call for a copy.
- 25X1 7. [] Colonel Glenn Smith, Senate Preparedness Investigating Subcommittee staff, indicated that Senator Henry M. Jackson with Senator Stennis' approval has indicated that the Subcommittee desires to have the Agency again brief that Subcommittee presenting a world-wide situation briefing with particular emphasis on the Soviet Union's atomic energy, missile and nuclear test activities. Colonel Smith suggested as a possible date, sometime next week. I advised I would check with our people and be back in touch with him.
- 25X1 8. [] Contacted the office of Representative
25X1 William C. Cramer regarding [] and the matter of alleged Agency involvement in the group which has been picked up for selling B-26 aircraft
25X1 to Portugal. [] is known to Cramer's office but there was no indication as to the closeness of their relationship. I advised that contrary
25X1 to [] belief, the Agency was not involved in this.
